Dear Secretary Burgess:

118.1	9	7
118.1.1	0

Reason for Filing

The Commission’s Notice of Tariff Filings Due to Amendment of the Public Service Law, issued on November 30, 2018, in Case 18-M-0679, directed all New York gas and electric corporations to file tariff amendments, if necessary, to comply with the changes to Public Service Law §39.4 (the “Law”), which became effective on August 24, 2018. The Company filed those amended leaves on January 4, 2019 to become effective on May 1, 2019.

On April 22, 2019, the Commission issued the Order Approving Tariff Amendments with Modifications in Case 18-M-0679 (the “Order”), which approved the statewide tariff filings of

the New York gas and electric corporations with modifications and waived the requirements for newspaper publications.

Tariff Changes

As required by ordering clause 2 of the Order, the Company is amending the Tariff to incorporate the explicit language of Public Service Law §39.4 to clearly explain the Law's provisions. The Company made additional changes to the Tariff with respect to ordering clause 3 of the Order to clarify that customers who have both electric and gas service will be assessed one meter charge for both services and with respect to ordering clause 4 of the Order to clarify that there will be no charge to customers where the Company has the ability to read the customer's meter without sending personnel to the Customer's premises.

Conclusion and Notice

Pursuant to the Order, the Company is filing these tariff amendments to be effective on May 1, 2019. As per the Order, the requirements of Public Service Law §66(12)(b) and 16 NYCRR §720-8.1, related to newspaper publication for the proposed tariff amendments and those directed in ordering clauses 2, 3, and 4 are waived.

Sincerely,
