Re: Cases 17-E-0459 / 17-G-0460 Compliance Filing  
in the Proceeding on Motion of the Commission as to Rates, Charges,  
Rules and Regulations of Central Hudson Gas & Electric Corporation  
for Electric and Gas Service

Dear Secretary Phillips:

Pursuant to Public Service Commission ("Commission") Order, issued and effective June 11, 2020, in the above captioned proceedings, Central Hudson Gas & Electric Corporation ("Central Hudson" or "the Company") hereby files amended tariff leaves and statements to its Schedule for Electric Service, PSC No. 15 – Electricity, and Schedule for Gas Service, PSC No. 12 – Gas.

These amendments which are set forth on Appendix A are filed August 25, 2020 to take effect on October 1, 2020 on a temporary basis subject to final Commission approval to implement the previously approved Rate Year 3 electric and gas rate increase of the Company's three year rate plan adopted in the Commission's June 14, 2018 Order in these proceedings and postponed pursuant to the Commission's June 11, 2020 Order. Consistent with the Company's June 26, 2020 filing to postpone implementation of the Rate Year 3 increase, the following tariff amendments are being filed to implement the Rate Year 3 rates:

- Rate Year 3 rates – including base delivery rates, electric and gas bill credits and merchant function charges – have been re-designed to recover the electric and gas revenue shortfalls resulting from the postponement over the remaining nine months of Rate Year 3 – October 1, 2020 through June 30, 2021;
- Electric Standby and Buyback (Service Classification Nos. 14 and 10) and Gas Distributed Generation (Service Classification Nos. 15 and 16) rates have been maintained at the Rate Year 3 Rates established pursuant to the June 14, 2018 Order in these proceedings as the Company does not currently serve any customers under these Service Classifications; and,
- Delivery rates effective July 1, 2021 – after the completion of Rate Year 3 ending June 30, 2021 – have been established at the Rate Year 3 rates set forth in the Joint Proposal adopted in the above captioned proceedings to maintain the Rate Year 3 provisions until superseding rates or terms become effective.

The Company has also revised electric and gas Revenue Decoupling Mechanism ("RDM") Targets in consultation with Department of Public Service Staff ("Staff") for the period October 2020 to June 2021 to correspond with the postponement of the Rate Year 3 delivery rate increase. The revised RDM Targets – superseding the October – June RDM Targets identified in Appendix O Sheets 4 and 10 for electric and gas, respectively – are set forth on Appendix B. Furthermore, revised gas MFC Targets – superseding the October – June MFC Targets identified in Appendix O Sheet 14 of the Joint Proposal adopted by the Commission's June 14, 2018 Order in these proceedings – are set forth on Appendix C. Additionally, the RDM targets for electric Service Classification No. 8 – street lighting will continue to be reduced on a monthly basis to correct the forecasting error reflected in the revenue allocation and RDM

targets adopted by the Joint Proposal pursuant to the Commission's July 22, 2019 Order in Case 17-E-0459. The monthly value of this adjustment will be revised accordingly to reflect the tariff rates in effect for the months of October – June.

As directed by Ordering paragraph seven, the requirements of 66(12)(b) of the Public Service Law as to newspaper publication are waived. Pursuant to Ordering paragraph four, the Company has consulted with Staff on its plan to notify customers of the postponement filed herein. A website message reminding customers of the rate change will appear September 14 – October 2 and bill messages will appear on customer bills September 1 – September 30.

Questions related to this filing should be addressed to Taylor Leonard at [tleonard@cenhud.com](mailto:tleonard@cenhud.com) or Michael Bachan at [mbachan@cenhud.com](mailto:mbachan@cenhud.com).

Very truly yours,

Christopher M. Capone
