**Re: Case No. 14-G-0551 – Further Postponement of Proposed Tariff
Revisions by National Fuel Gas Distribution Corporation**

Dear Secretary Burgess:

National Fuel Gas Distribution Corporation (“Distribution” or the “Company”) submits the following amendment to its tariff, P.S.C. No. 8 - GAS:

Supplement No. 53

The proposed Supplement is issued as of today for an effective date of May 13, 2015.

Distribution submitted proposed tariff revisions intended to extend its partnership for distributed generation (DG) and natural gas vehicle (NGV) programs until March 31, 2018 and seeking authorization of the partnership to revitalize the industrial manufacturing economy of western New York (Prime-WNY), a program with features similar to Distribution’s DG and NGV programs. On March 20, 2015, at Staff’s request Distribution submitted Supplement No. 52 to postpone the effective date until May 1, 2015. Staff has requested that the Company further postpone the effective date of the proposed tariff revisions to June 1, 2015.

The Supplement is issued on 30 days’ notice to comply with Staff’s request and has an effective date of May 13, 2015. However, since the tariff leaves currently have an effective date of May 1, 2015 the Company requests that it be authorized to put the Supplement filed today into effect on short notice, i.e., May 1, 2015.

In light of the short time frame, the Company also respectfully requests waiver of the notice requirement of the proposed change in the effective date as well as any publication requirements in the Public Service Law and corresponding regulations.

For questions relating to this filing, please contact the undersigned at (716) 857-7237.

Respectfully submitted,

/s/ Randy C. Rucinski
