**Re: Case 13-G-0531 Modification to Central Hudson Gas & Electric Corporation**  
**Service Classification No. 11 MDQ Provisions**

Dear Commissioners:

The amended tariff leaves set forth below are filed by Central Hudson Gas & Electric Corporation ("Central Hudson" or the "Company") on January 15, 2014 to become effective March 1, 2014.

**P.S.C. No. 12 – Gas**

9<sup>th</sup> Revised Leaf No. 184

On November 22, 2013, the Company filed tariff language to incorporate downward adjustments to Maximum Daily Quantity ("MDQ") for customers taking service under all Service Classification No. 11 sub classifications as Special Provision 11.5 in the existing Service Classification No. 11 tariff only discusses downward revisions to Distribution Service – Large Mains customers. The Company also further included language related to the timing of such downward adjustments. Pursuant to the request of Public Service Commission Staff, the Company herein files a modification to the previously filed tariff revision. The Company continues to incorporate the additional sub classifications, but has agreed to maintain the current language regarding the timing of downward revisions to provide consistency between how upward and downward revisions are handled.

Given the extremely limited number of customers (currently four) impacted by this proposal and that the Company has already been in contact with these larger customers about this filing, the Company requests that the requirements of 66(12)(b) of the Public Service Law as to newspaper publication for the amendments listed herein be waived.

Questions related to this filing should be directed to Amy Dittmar at [adittmar@cenhud.com](mailto:adittmar@cenhud.com) or (845) 486-5433.

Yours very truly,

Michael L. Mosher  
Vice President - Regulatory Affairs
