

March 7, 2013

Honorable Jaclyn A. Brillling, Secretary
State of New York
Public Service Commission
Office of the Secretary, 19th Floor
Three Empire State Plaza
Albany, NY 12223

Dear Secretary Brillling:

The attached leaf, issued by Niagara Mohawk Power Corporation, d/b/a National Grid ("Company"), is being transmitted for filing in accordance with the requirements of the Public Service Commission ("Commission"), State of New York.

Seventh Revised Leaf No. 100

To PSC No. 220 Electricity

Effective: June 17, 2013

The purpose of this filing is to add clarifying language to the above leaf. The Company believes that this minor revision will provide more clarity and less confusion to our customers. Specifically, additional language has been added to Rule 16.4.4.1 to clarify that the credit the non-residing applicant/developer receives for trenching will be applied to reduce the contribution under Rule 16.4.3 and/or deposit required under Rule 16.6.

Attachment 1 included with this filing contains a redlined leaf to show where the change to the above leaf has occurred.

Because of the clarifying nature of this filing, waiver of the newspaper publication requirements of PSL §66-12 and 16NYCRR 720.8 is requested for this filing since the non-residing applicant/developer will be notified when trenching is performed by the non-residing applicant/developer.

Please contact the undersigned of any action taken regarding this filing.

Sincerely;

/s/ Patricia J. Rivers
