Dear Commissioners:

The enclosed statements are issued by Central Hudson Gas & Electric Corporation and transmitted for filing in compliance with the requirements of the Public Service Commission of the State of New York regarding change in adjustments.

PSC No. 12 - Gas

<u>Statement</u>	<u>Number</u>	<u>Applicable to Service Classes</u>
Statement of Gas Supply Charge	GSC – 163	1 and 2
Statement of Interruptible Gas Transportation Rates	ITR – 186	9
Statement of Firm Transportation Rates	FTR – 192	6, 11, 12 and 13
Statement of Interruptible Gas Rates	IGR – 193	8

Statements GSC-163 and FTR-192, applicable to Service Classification Nos. 1, 2, 6, 12 and 13 will become effective on September 2, 2014. Statement FTR-192 also reflects the Weighted Average Cost of Capacity. Statements IGR-193 and ITR-186, applicable to Service Classification Nos. 8 and 9, will become effective on August 31, 2014.

Pursuant to the provisions noted in the Company's tariff and in accordance with NYCRR §720-6.5, the Company filed an interim surcharge to become effective February 3, 2014 as a result of additional spot and peaking purchases during the month of January. The purpose of the interim surcharge was to minimize the possibility of a large under-collection at the end of the reconciliation period. GSC-163 reflects the removal of this surcharge, as the interim surcharge was designed to be in effect during the period of February 3, 2014 through September 1, 2014.

Appendix 7-H related to GSC-163 has been filed with trade secret status directly with the records access officer. Appendix 7-H and Exhibit I related to GSC-163 have also been sent directly to the Commission's Staff.

Yours very truly,

Michael L. Mosher
