Dear Commissioners:

In accordance with General Information Section 42.E of P.S.C. No. 12 - Gas, the Statement listed below is filed to become effective October 1, 2014.

P.S.C. No. 12 - Gas

Statement of Revenue Decoupling Mechanism Adjustment RDM-6

Pursuant to the Order issued and effective June 22, 2009 in Case 08-G-0888, a Revenue Decoupling Mechanism ("RDM") was implemented for Central Hudson Gas & Electric Corporation ("Central Hudson" or "the Company") for gas Service Classification Nos. 1, 2, 6, 12 and 13 effective July 1, 2009. As part of the RDM tracking, the Company is required to calculate the delivery revenue excess/shortfall each month.

If in an Annual RDM Period the cumulative sum of the excess/shortfall recorded exceeds a \$2 million threshold instituted by the Commission, the Company will begin collection/refund of the under/over collection of delivery revenue. Effective with business ending February 28, 2014, the accumulated over-collection of delivery revenue for the Annual RDM Period for Service Classification Nos. 1, 2, 6, 12 and 13 exceeded \$2 million, and as such the Company effectuated an interim RDM Statement.

Pursuant to the Company's tariff, the RDM factors, including Interim RDM Adjustments, may only be changed once in any given six-month period. As a result, the RDM Adjustment Period was otherwise delayed by the aforementioned interim adjustment. The Company hereby files the statement listed above to refund the over-collection of delivery revenues for the period March 2014 through June 2014 and associated carrying charges as well as reflect a reconciliation of RDM 3 and RDM 4. The above statement is filed to become effective October 1, 2014.

Questions related to this filing should be directed to Amy Dittmar at (845) 486-5433 or adittmar@cenhud.com.

Very truly yours,

Michael L. Mosher
