Honorable Kathleen H. Burgess  
Secretary  
New York State Public Service Commission  
3 Empire State Plaza, 19<sup>th</sup> Floor  
Albany, New York 12223

**RE: Cases 13-G-0031 and 13-G-0186, Temperature Control Amended Filing**

Dear Secretary Burgess:

Enclosed for filing with the Public Service Commission (the "Commission") are the following amended tariff leaves issued by Consolidated Edison Company of New York, Inc. ("Con Edison" or the "Company") to the Company's Schedule for Gas Service, P.S.C. No. 9 - Gas ("Gas Tariff"), applicable to its customers in the City of New York and the County of Westchester.

|          |             |             |    |
|----------|-------------|-------------|----|
| Leaf 253 | Revision 5  | Superseding | 4  |
| Leaf 264 | Revision 12 | Superseding | 11 |
| Leaf 330 | Revision 8  | Superseding | 7  |

These tariff leaves are issued May 6, 2014, with an effective date of July 1, 2014.

**Reason for Filing**

The Commission's Order Approving Electric, Gas and Steam Rate Plans in Accord With Joint Proposal, issued and effective February 21, 2014, in Cases 13-E-0030 et al. (the "Rate Order") adopted the Joint Proposal ("JP") as set forth in Appendix A of the Rate Order, with certain modifications. The JP provides for the Company to amend its pending filing in Case 13-G-0186, which proposed to eliminate the Temperature-Control ("TC") option for all interruptible customers. In accordance with the JP, the Company filed tariff amendments on April 8, 2014 to eliminate the TC option for new interruptible customers and allow existing TC customers to continue to utilize the TC option. This amended filing was sent to all the parties in Case 13-G-0031. The City of New York (the "City") was the only party who provided comments and requested one modification.

Since the Company agreed with the requested modification the Company filed amended tariff leaves on April 15, 2014, to be effective June 1, 2014, incorporating the City's requested modification. On April 28, 2014, the Company filed for a postponement of the effective date of

the pending leaves to July 1, 2014, in order to allow the City sufficient time to review the April 15, 2014 Filing. This postponement filing was approved by the Commission on April 30, 2014.

In order to conform to the new effective date of July 1, 2014, the Company is filing amended tariff leaves specifying that the TC option will no longer be available to new interruptible customers on or after July 1, 2014.

**Conclusion and Notice**

The Company respectfully requests a waiver of notice requirements of § 66 (12)(b) of the Public Service Law and 16 NYCRR Section 720-8.1 as to newspaper publication of the tariff changes since the amended tariff leaves are being filed in order to conform to the July 1, 2014 effective date approved by the Commission on April 30, 2014. The Company will provide copies of this amended filing to all parties in Case 13-G-0031.

Sincerely,

/s/ William A. Atzl, Jr.  
Director  
Rate Engineering Department
