**RE: Case 15-E-0082 – Proceeding on Motion of the Commission as to the Policies,  
Requirements and Conditions for Implementing a Community Net Metering  
Program**

Dear Secretary Burgess:

Consolidated Edison Company of New York, Inc. (“Con Edison” or the “Company”) is filing with the Public Service Commission (the “Commission”) an amendment to its Schedule for Electricity Service, P.S.C. No. 10 – Electricity (the “Tariff”), applicable to its customers in the City of New York and the County of Westchester.

The revised Tariff Leaf, which is identified below, has an effective date of April 1, 2017:

<u>Leaf No.</u>	<u>Revision No.</u>	<u>Superseding Revision</u>
249.2	2	1

**Background**

The Commission’s Order Modifying Community Distributed Generation Membership Requirements, issued and effective March 13, 2017, in Case 15-E-0082 (the “Order”) directed each utility to file tariff amendments to remove the ten-member minimum requirement for a Community Distributed Generation (“CDG”) project that serves multiple residential or non-residential customers on its property.

On March 22, 2017, the Company filed a change to Leaf 249.2 of Rider R – Net Metering for Customer-Generators: the Company added the text “unless all the CDG Satellite Accounts are located on the same property as the CDG Host” to follow existing text, which stated, “The CDG Host must designate no fewer than ten CDG Satellite Accounts.”

### **Tariff Change**

At the request of Department of Public Service Staff, the Company is revising Leaf 249.2 for clarification. The text has now been revised to state, "The CDG Host must designate no fewer than ten CDG Satellite Accounts unless all the CDG Satellite Accounts are located on the site of the same property as the CDG Host serving residential and/or non-residential customers."

### **Conclusion and Notice**

As directed by Ordering Clause 1 of the Order, the Company is filing this Tariff change to become effective on April 1, 2017.

Pursuant to Ordering Clause 2 of the Order, the Commission has waived the requirement for newspaper publication.

Sincerely,

/s/ William A. Atzl, Jr.  
Director  
Rate Engineering Department
