Re: Case 16-E-0711 – Tariff filing by Rochester Gas and Electric Corporation to revise its electric tariff schedule, P.S.C. No. 18, to offer Company-owned LED street lighting options for customers served under Service Classification No. 1

Dear Secretary Burgess:

Rochester Gas and Electric Corporation (the “Company”), a subsidiary of Avangrid, Inc., submitted a tariff filing on December 15, 2016 in compliance with the New York State Public Service Commission’s Order Approving Electric and Gas Rate Plans in Accord with Joint Proposal, issued and effective June 15, 2016, in the above referenced proceeding. The proposed tariff amendments offer Company-owned light-emitting diode (“LED”) street lighting options to customers served under P.S.C. No. 18 – Electric, Service Classification No. 1. The Company hereby submits revised tariff leaves to clarify that non-HPS type street lighting options are only available for conversions rather than new LED installations. These tariff leaves are transmitted for filing in compliance as identified herein and in accordance with the requirements of Appendix 7-H (electronic tariff filing system) to the Commission’s Codes, Rules and Regulations (16 NYCRR Appendix 7-H).

Below are the revised tariff leaves to become effective May 1, 2017.

RGE P.S.C. No. 18 - Electric
Leaf 27, Revision 15
Leaf 28, Revision 13
