**RE: Case 16-E-0497, Changes to Standardized Interconnection Requirements**

Dear Secretary Burgess:

Consolidated Edison Company of New York, Inc. (“Con Edison” or the “Company”) is filing with the Public Service Commission (the “Commission”) amendments to its Schedule for Electricity Service, P.S.C. No. 10 – Electricity (the “Tariff”), applicable to its customers in the City of New York and the County of Westchester.

The revised Tariff Leaves and Addendum, which are identified in Appendix A, have an effective date of December 1, 2016.

**Reason for Filing**

The Tariff Leaves and Addendum are being filed pursuant to the Commission’s Order Directing Tariff Amendments, issued and effective November 17, 2016 (the “Order”), in Case 16-E-0497.

The Order directed the utilities to incorporate into their electric tariffs the revised Standard Interconnection Requirements (“SIR”), as shown in Attachment A of the Order, and to file tariff amendments necessary to establish the 2 MW limit for net energy metering of farm waste electric generating equipment.

**Tariff Changes**

To reflect an increase to the threshold from 1 MW to 2 MW for net energy metering of farm waste electric generating equipment, the Company is filing changes to Leaves 244, 247, 249.1, and 383.

The Company is also filing the Commission's revised SIR as Tariff Addendum SIR - 8.

**Conclusion and Notice**

The Tariff Leaves and Addendum are being filed pursuant to Ordering Clauses 1 and 2 of the Order, to become effective on December 1, 2016, on not less than two days' notice. Pursuant to Ordering Clause 3, the Commission has waived newspaper publication of these changes.

Sincerely,

/s/ William A. Atzl, Jr.  
Director  
Rate Engineering Department
