Dear Secretary Burgess,

Pursuant to the New York State Public Service Commission's Order Authorizing the Clean Energy Fund Framework, issued and effective January 21, 2016, and Order Authorizing Utility-Administered Energy Efficiency Portfolio Budgets and Targets For 2016-2018, issued and effective January 22, 2016, National Fuel Gas Distribution Corporation ("Distribution" or the "Company") submits the instant amendment to its tariff, P.S.C. No. 8 – GAS:

**Leaf No. 148.10**

**Revision 9**

Earlier today, Distribution filed tariff amendments to Leaf Nos. 148.9, 300 and 305 in the Commission's Electronic Tariff System. This filing is being submitted as a companion filing, which should be considered jointly with the submission from earlier today. It should be noted that Leaf No. 148.10 has been updated to remove legacy Conservation Incentive Program reconciliation language from Distribution's tariff, as this language has been replaced with the content contained in Leaf No. 148.9. The Company requests that the above tariff revision be approved and, pursuant to the aforementioned Orders, become effective March 1, 2016. It should also be noted that both of the aforementioned Orders have waived the requirements of §66 (12) (b) of Public Service Law pertaining to newspaper publication. Any questions regarding this filing can be directed to the undersigned at (716) 857-7440 or at [crahene@natfuel.com](mailto:crahene@natfuel.com).

Respectfully submitted,
