Honorable Kathleen H. Burgess
Secretary
New York State Public Service Commission
Three Empire State Plaza, 19th Floor
Albany, New York 12223-1350

**RE: Case 15-E-0570, Commercial Demand Response Programs –
Commercial System Relief Program and Distribution Load Relief Program**

Dear Secretary Burgess:

Consolidated Edison Company of New York, Inc. (“Con Edison” or the “Company”) is filing with the Public Service Commission (the “Commission”) an amendment to its Schedule for Electricity Service, P.S.C. No. 10 – Electricity (the “Tariff”), applicable to its customers in the City of New York and the County of Westchester. The revised Tariff Leaf, which is identified below, is filed to become effective on February 5, 2016:

<u>Leaf No.</u>	<u>Revision No.</u>	<u>Superseding No.</u>
280	5	4

Reason for Filing

The Commission’s Order Approving Tariff Amendments, issued and effective January 27, 2016, in Case 15-E-0570 (the “Order”), approved, with one exception, the Company’s filing made September 24, 2015, to combine Rider S – Commercial System Relief Program (“CSRP”) and Rider U – Distribution Load Relief Program (“DLRP”) into new Rider T - Commercial Demand Response Programs, to make changes to CSRP and DLRP, and to make other conforming changes. The filing has an effective date of February 5, 2016.

The Commission rejected the Company’s proposal to set the Performance Factor at zero for new CSRP and DLRP participants and to make Reservation Payments to them retroactively, starting with their enrollment month, based on their performance when the first Load Relief Period or Test Event is called in the Network. Instead, the Commission directed that the Performance Factor for new CSRP and DLRP participants be set at 0.5, with a subsequent true-up based on actual performance.

Tariff Change

Leaf No. 280, which describes the Performance Factor under the Reservation Payment Option, has been changed to reflect the Commission's directive.

Conclusion and Notice

Pursuant to Ordering Clause 1 of the Order, the Company is filing this Leaf to become effective on not less than one day's notice on February 5, 2016. Pursuant to Ordering Clause 2 of the Order, the Commission waived the requirement for newspaper publication of this change.

Sincerely,

/s/ William A. Atzl, Jr.
Director
Rate Engineering Department
