Albany, New York 12223-1350

RE: Case 12-E-0201 – Proceeding on Motion of the Commission as to the Rates, Charges, Rules and Regulations of Niagara Mohawk Power Corporation d/b/a National Grid

Dear Secretary Burgess:

The enclosed leaf, issued by Niagara Mohawk Power Corporation d/b/a National Grid, is being transmitted for filing in accordance with the requirements of the New York State Public Service Commission (“Commission”).

Fourth Revised Leaf No. 355

to PSC No. 220 Electricity

Effective: April 1, 2016

On December 20, 2013, the Company submitted a filing proposing a time-of-use commodity pricing offering for interested residential customers receiving service under the Company’s Service Classification 1 (“SC-1”). Per the Order in Case 12-E-0201, the Commission directed the Company to complete the efforts on the combined delivery/commodity option so that a new rate design could be implemented on April 1, 2014. The implementation date for this pricing offer, SC1-Residential Optional Time of Use Delivery and Commodity Rate, was subsequently postponed to the current date of April 1, 2016.

The purpose of this filing is to revise the proposed distribution delivery rates for this pricing option to be consistent with the SC-1 revenue and rate design for Fiscal Year 2016, Rate Year 3 in Case 12-E-0201 on which these rates were based and submitted as Attachment 6 with the original filing.

Waiver of the newspaper publication requirements of PSL §66-12 and 16NYCRR 720.8 was requested for the original filing on December 20, 2013 since the Company proposed to utilize a number of key customer channels to communicate this rate offering to residential customers with a focus on PEV owners.

This filing is also made in accordance with Appendix 7-H (electronic filing system) to the Commission’s Codes, Rules and Regulations (16 NYCRR, Appendix 7-H).

If you have any questions concerning this filing, please call Patricia Rivers at (315) 428-6833.

Sincerely,

/s/Patricia J. Rivers
