Honorable Kathleen H. Burgess  
Secretary  
New York State Public Service Commission  
Three Empire State Plaza, 19<sup>th</sup> Floor  
Albany, New York 12223-1350

**RE: Case 13-E-0573, Demand Response Program Rider U**

Dear Secretary Burgess:

Consolidated Edison Company of New York, Inc. (“Con Edison” or the “Company”) is filing with the Public Service Commission (the “Commission”) an amendment to its Schedule for Electricity Service, P.S.C. No. 10 – Electricity (the “Tariff”), applicable to its customers in the City of New York and the County of Westchester. The Tariff leaf, which is identified below, makes a housekeeping change to Rider U - Distribution Load Relief Program. The change is filed on not less than thirty days’ notice to become effective on September 23, 2015:

<u>Leaf No.</u>	<u>Revision No.</u>	<u>Superseding No.</u>
282.2	1	0

**Background and Reason for Filing**

The Commission’s Order Denying Petition for Rehearing But Granting Reconsideration in Part, issued and effective June 27, 2014, in Case 13-E-0573 (the “2014 Order”), directed changes to the Three-Year Incentive Period under Rider U and Rider S - the Commercial System Relief Program. The 2014 Order also directed the Company to propose a tariff amendment, within sixty days of the 2014 Order’s issuance, describing how the amount of a pledge reduction would correspond to demand savings realized from a completed electric efficiency project by a Direct Customer or Aggregator Network Resource participating in the Three-Year Incentive Period. The Company filed that change and others in its tariff filing of August 26, 2014. The August 2014 filing

included Leaf 282.1 - Revision 1<sup>1</sup> and Leaf 282.2 - Revision 0. (The leaves were filed to become effective on December 22, 2014, and were later postponed to January 15, 2015.)

The Commission's Order on Proposed Tariff Amendments, issued and effective January 9, 2015, in Case 13-E-0573, approved the Tariff leaves filed on August 26, 2014, with exceptions. The January 2015 Order directed the Company make a filing reflecting the exceptions. The Company's January 13, 2015 filing, which became effective on January 15, 2015, included Leaf 282.1 – Revision 3.

When the Company filed Leaf 282.1 – Revision 3, it should have deleted the text from Leaf 282.2 – Revision 0, because Section J, paragraphs 7, 8, and 9 were duplicated on both Leaf 282.1 – Revision 3 and Leaf 282.2 – Revision 0. It failed to do so, and paragraphs 7, 8, and 9 continued to be duplicated when Leaf 282.1 – Revision 4 became effective on May 1, 2015. (Revision 4 was filed on April 20, 2015, regarding the 2015 Capability Period only, pursuant to the Commission's Order Approving Tariff Amendments with Modifications, issued and effective April 20, 2015, in Case 13-E-0573.)

Leaf 282.1 – Revision 5 was filed on April 23, 2015, and became effective May 23, 2015, as approved by the Commission's Order of May 14, 2015, in Case 13-E-0573. Revision 5 deleted paragraph 8, regarding Rider R ineligibility for Rider U participation. However, paragraphs 7, 8, and 9 continued to be incorrectly retained on Leaf 282.2.

The Company has become aware of this error and proposes a housekeeping change.

### **Tariff Change**

The Company is filing Leaf 282.2 – Revision 1 to remove the text from Leaf 282.2 – Revision 0. It will reserve the new Leaf for future use.

### **Conclusion and Notice**

Pursuant to Public Service Law, Article 4, Section 66, this filing is being made on not less than 30 days' notice, with a proposed effective date of September 23, 2015. As described herein, this tariff change is proposed for housekeeping purposes to eliminate duplicate text.

---

<sup>1</sup> Leaf 282.1 - Revision 2 became effective on one day's notice on October 29, 2014, prior to the effective date of Revision 1. (Revision 2 made a clarification to the "Applications and Term of Service" section of Rider U related to pledged Load Relief made by Aggregators and Direct Participants who commenced participation in the Three-Year Incentive Period in 2014.)

The Company requests waiver of newspaper publication of this housekeeping change. Copies of this filing are being sent electronically to all active parties to Case 13-E-0573.

Sincerely,

/s/ William A. Atzl, Jr.

Director

Rate Engineering Department
