RE: Case15-E-0189 – Petition by Niagara Mohawk Power Corporation d/b/a National Grid to
Effectuate Dynamic Load Management Programs

Dear Secretary Burgess:

The attached leaves and statement on Attachment A hereto are being issued by Niagara Mohawk Power Corporation d/b/a/ National Grid (the "Company"), in compliance with the Commission's "Order Adopting Dynamic Load Management Filing with Modifications" (the "Order") in Case 15-E-0189 issued June 18, 2015.

Reason for Filing

On March 23, 2015, the Company made a compliance filing with the Commission proposing three new draft tariffs for distribution-level demand response programs in response to the proceeding in Case 14-E-0423 on Dynamic Load Management ("DLM") which was initiated on December 15, 2014 as "Order Instituting Proceeding Regarding Dynamic Load Management and Directing Tariff Filings" directing all electric distribution utilities without DLM programs to develop such programs and file draft tariffs for such programs for implementation by the summer of 2015.

On June 18, 2015, the Commission issued the Order approving the draft tariffs submitted by the utilities, with modifications, and each utility was directed to submit final tariff leaves as a compliance filing on one day's notice with an effective date of July 1, 2015. This filing complies with this directive and submits revised tariff leaves containing the changes as required in the body of the Order.

In accordance with Ordering Clause No. 7 of the Order, the requirements of Public Service Law §66(12)(b) as to newspaper publication for the tariff amendments directed in Ordering Clause No. 1 of this Order is waived.

Conclusion and Notice

Any questions regarding this filing can be directed to Carol Teixeira at (315) 428-6104.

Very truly yours,

/s/ Carol Teixeira

Manager,
New York Electric Pricing

Honorable Kathleen H. Burgess
