Honorable Kathleen H. Burgess
Secretary
New York State Public Service Commission
Three Empire State Plaza, 19th Floor
Albany, New York 12223-1350

**RE: Case 16-E-0236, Commercial System Relief Program and
Brooklyn/Queens Demand Management Program**

Dear Secretary Burgess:

Consolidated Edison Company of New York, Inc. (“Con Edison” or the “Company”) is filing with the Public Service Commission (the “Commission”) an amendment to its Schedule for Electricity Service, P.S.C. No. 10 – Electricity (the “Tariff”), applicable to its customers in the City of New York and the County of Westchester. The revised Tariff Leaf, which is identified below, is filed to become effective on July 18, 2016:

<u>Leaf No.</u>	<u>Revision No.</u>	<u>Superseding No.</u>
78	4	3

Reason for Filing

The Commission’s Order Approving Tariff Amendment (the “Order”), issued July 14, 2016, in Case 16-E-0236, “*Tariff filing by Consolidated Edison Company of New York, Inc. to make revisions to Rider T - Commercial Demand Response Programs contained in P.S.C. No. 10 – Electricity*,” approved the Company’s proposal to modify Rider T to indicate that service is not available under the Commercial System Relief Program in the Richmond Hill, Ridgewood, and Crown Heights Networks (*i.e.*, the electrical networks included in the Brooklyn/Queen Demand Management (“BQDM”) Program) in 2017 and 2018 if the Company offers an alternative Network peak shaving demand response program through an auction mechanism in those Networks. The Order directed that an additional tariff filing be made to allow participants in the BQDM Program to operate emergency generation equipment during demand response events called under the BQDM Program.

Tariff Change

As directed by the Order, the Company has modified General Rule 8.2, “Emergency Generating Facilities Used for Self-Supply,” to permit the use of emergency generating facilities for self-supply at the direction of the Company when demand response events are called under the BQDM Program.

Conclusion and Notice

The Company is filing this Tariff Leaf to become effective on July 18, 2016, pursuant to Ordering Clause 3 of the Order, which directed that a tariff amendment be filed within seven days of the Order’s issuance, to be effective on not less than one day’s notice. Ordering Clause 4 of the Order waived the requirement for newspaper publication of this change.

Sincerely,

/s/ William A. Atzl, Jr.
Director
Rate Engineering Department
