**RE: Case 15-E-0302 – Proceeding on Motion of the Commission to Implement a Large-Scale Renewable Program and a Clean Energy Standard**

**Case 15-E-0751 – In the Matter of the Value of Distributed Energy Resources**

Dear Secretary Phillips:

The following tariff amendment, issued by Niagara Mohawk Power Corporation d/b/a National Grid (the Company), is a further revision to the filing made on May 22, 2023, in compliance with the April 20, 2023 *Order Modifying Clean Energy Standard Tier 1 Obligations* (Order) issued by the New York State Public Service Commission (Commission) in the above case numbers:

Sixth Revised Leaf No. 37.3

To P.S.C. No. 220 Electricity

Effective: August 1, 2023

The purpose of this filing is to incorporate approved tariff language from the *Order Approving Tariff Modifications* in Case 22-E-0549, issued March 17, 2023.

Ordering Clause No. 4 of the Order directed utilities to file tariff amendments on not less than ten days' notice, with this leaf becoming effective on a temporary basis on August 1, 2023. Ordering Clause No. 5 of the Order waived the requirements of PSL §66 (12) (b) and 16 NYCRR §720-8.1 concerning newspaper publication of tariff amendments. The Company respectfully requests a waiver of publication for this filing as the proposed change is housekeeping in nature.

Attachment 1 contains the Company's redlined tariff leaf showing where the changes have occurred. Please advise the undersigned of any action taken regarding this filing.

Respectfully submitted,

/s/ Carol Teixeira
