RE: Case No. 15-E-0302, Proceeding on Motion of the Commission to Implement a Large-Scale Renewable Program and a Clean Energy Standard

Case No. 15-E-0751, In the Matter of the Value of Distributed Energy Resources

Dear Secretary Phillips:

Consolidated Edison Company of New York, Inc. (the “Company”) is filing with the Public Service Commission (the “Commission”) amendments to its Schedule for Electricity Service, P.S.C. No. 10 – Electricity (the “Electric Tariff”), applicable to its customers in the City of New York and the County of Westchester.

The revised Electric Tariff leaves, which are identified below, are filed to become effective on June 1, 2023.

<u>Leaf No.</u>	<u>Revision No.</u>	<u>Superseding No.</u>
336.1	5	4
358.2	7	6
358.2.1	0	

#### **Reason for Filing**

The Commission’s Order Modifying Clean Energy Standard Tier 1 Obligations, issued and effective April 20, 2023, in Case Nos. 15-E-0302 and 15-E-0751 (the “April Order”), directed the Company to file revised tariff leaves in conformance with the April Order.

#### **Tariff Changes**

Pursuant to the April Order, the Company is making the following changes to the Electric Tariff related to the Company's recovery of the credits it pays to customers for the Environmental Component of the Value Stack:<sup>1</sup>

- On leaf 336.1, language was added stating that: (1) effective through December 31, 2024, the CESS will continue to be used to recover the Environmental Component – Market Value credits paid to customers; and (2) effective January 1, 2025, all Environmental Component credits paid to customers will be recovered through the CESS.
- On leaf 358.2, language was added stating that: (1) the existing collection of the Environmental Component will continue through December 31, 2024; (2) effective January 1, 2025, all Environmental Component credits paid to customers will be recovered through the CESS; and (3) any unreconciled amounts associated with the Out of Market Environmental Component that remain as of January 1, 2025, will be reconciled through the CESS.

### **Conclusion and Notice**

Pursuant to Ordering Clause 4 of the April Order, the Company is filing these changes to become effective on June 1, 2023, on not less than ten days' notice. Pursuant to Ordering Clause 5 of the April Order, the Commission waived the requirement for newspaper publication of these changes.

Any questions regarding this filing can be directed to Ricky Joe at (212) 460-4995.

Sincerely,

/s/ William A. Atzl, Jr.  
Director  
Rate Engineering Department

---

<sup>1</sup> No tariff changes were made related to the expiration of Alternative Compliance Payments ("ACPs"), since the recovery would simply be zero for costs related to period January 1, 2025 and after. The Company will continue to recover ACP costs incurred prior to January 1, 2025.
