Dear Secretary Phillips:

The enclosed statements are issued by Central Hudson Gas & Electric Corporation and transmitted for filing in compliance with the requirements of the Public Service Commission of the State of New York regarding change in adjustments.

Statement of Gas Supply Charge	GSC – 259	1 & 2
Statement of Interruptible Gas Transportation Rates	ITR – 282	9
Statement of Firm Transportation Rates	FTR – 288	6, 11, 12 & 13
Statement of Interruptible Gas Rates	IGR – 289	8
Statement of Gas Miscellaneous Charge	MISC- 53	1, 2, 6, 11, 12, 13, 15 & 16

Statements GSC-259 and FTR-288, applicable to Service Classification Nos. 1, 2, 6, 11, 12 and 13 will become effective on August 1, 2022. Statement FTR-288 includes the Weighted Average Cost of Capacity and the WBS Weighted Average Cost of Storage. Statements IGR-289 and ITR-282, applicable to Service Classification Nos. 8 and 9, will also become effective on August 1, 2022.

Pursuant to Order in Case 17-G-0460 dated June 14, 2018, a new Gas Miscellaneous Charge mechanism was implemented to address the recovery and refund of new initiatives including interruptible refunds or surcharges applicable to Service Classification No. 11 customers, Gas Rate Adjustment Mechanism (“RAM”) and Earnings Adjustment Mechanism (“EAM”) incentives.

Appendix 7-H related to GSC-259 has been filed with trade secret status directly with the records access officer. Appendix 7-H and Exhibit I related to GSC-259 have also been sent directly to the Commission’s Staff.

The Statement of Gas Miscellaneous Charges also reflects the Arrears Reduction Program (ARP) surcharge effective August 1, 2022 based on the eligible arrears balances of currently eligible customers, exclusive of customers with pending ERAP applications. The total arrears balance of \$6,084,884, less the state budget funding of \$2,848,882 was allocated 80% to electric and 20% to gas in accordance with the Company’s common allocation. Factors also reflect an estimate of associated carrying charges. The resulting phase one Arrears Reduction Program costs of \$2,663,609 and \$670,291 for electric and gas, respectively, will be recovered over the twelve months beginning August 2022. Any difference between the estimated program costs reflected in factors filed herein and actual program costs will be reconciled to actual collections and carrying charges in a subsequent rate. The electric Arrears Reduction Program surcharge is being filed contemporaneously on the Statement of Miscellaneous Charges.

Yours very truly,

Christopher M. Capone  
 Executive Vice President & CFO
