Dear Secretary Phillips:

Orange and Rockland Utilities, Inc. (the "Company") herein submits for filing its Statement of Market Supply Charge, Statement No. MSC-121, to its Schedule for Electric Service, P.S.C. No. 3-ELECTRICITY. This Statement is issued March 29, 2022, to become effective April 1, 2022.

The Market Supply Charges ("MSC") for April 2022 include a projection of April 2022 electric supply costs and a reconciliation of February 2022 electric supply costs and MSC recoveries and the Clean Energy Standard Supply Surcharge. This statement also includes a determination of the capacity and adder rates, Clean Energy Standard Supply Surcharge necessary for Day-Ahead Hourly Pricing customers, and a Generation Capacity Critical Peak Event Charge for Smart Home Rate customers pursuant to the Commission's Orders issued May 24, 2006, February 22, 2017, and March 14, 2019 in Case Nos. 03-E-0641, 15-E-0302 and 18-E-0549, respectively.

In March 2022, the Company deferred, for future disposition, \$1.0 million of under collections to mitigate the March 2022 bill impacts for customers. The Company will collect this deferment in full, plus interest, in its April 2022 MSC rates.

The Company also includes a copy of the workpapers used to determine the April 2022 MSC.
