Re: Central Hudson Gas & Electric Corporation filing to update the proposed URD Statement

Dear Secretary Phillips:

The statement set forth below is filed by Central Hudson Gas & Electric Corporation ("Central Hudson" or "the Company") on April 29, 2022 to become effective on July 1, 2022.

P.S.C. No. 12 – Gas

Statement of Underground Residential Distribution Contribution URD – 4

The purpose of this filing to (1) update the rates used in determining contributions required from applicants for gas pipelines required to provide gas service to a residential subdivision, and (2) update the trenching credit.

Contribution by Applicant

The changes to the cost per trench foot of URD service are as follows:

	<u>Present</u>	<u>Proposed</u>
2" Pipe	\$34.28	\$39.25
4" Pipe or above	42.73	41.00

Trenching Credit

The changes to the cost per trench foot of URD service are as follows:

	<u>Present</u>	<u>Proposed</u>
Gas Service Only	\$13.19	\$13.19
Electric and Gas Service in Common Trench	23.85	20.17

To remain consistent with the current Statement of Underground Residential Distribution Contribution for electric, which is updated yearly on July 1st, this filing reflects the updated actual costs for calendar years 2017 through 2021 for both contribution by applicant and trenching costs. The trenching credit methodology was revised to include jobs with rock excavation in the five-year average.

Questions related to this filing should be directed to Taylor Alonso at (845) 486-5554 or talonso@cenhud.com.

Respectfully Submitted,

Christopher M. Capone
Executive Vice President & CFO
