October 27, 2021

Honorable Michelle L. Phillips  
Secretary to the Commission  
New York State Public Service Commission  
Three Empire State Plaza, 19<sup>th</sup> Floor  
Albany, New York 12223-1350

Dear Secretary Phillips:

Orange and Rockland Utilities, Inc. (the "Company") herein submits for electronic filing its Statement of Energy Cost Adjustment, Statement No. ECA-116, to its Schedule for Electric Service, P.S.C. No. 3 – ELECTRICITY. This statement is issued October 27, 2021 to become effective November 1, 2021.

The Energy Cost Adjustment ("ECA") rates for November 2021 consist of a Base ECA, a Variable ECA component, an Earnings Adjustment Mechanism ("EAM") component, and a Temporary Surcharge component. The Variable ECA recovers the charges/credits relating to Transmission Congestion Contracts on a monthly basis, pursuant to the Commission's Order issued January 27, 2006, in Case No. 05-E-1090, positive and negative revenue adjustments pursuant to the Commission's Order issued March 14, 2019, in Case No. 18-E-0067, and the Standby Reliability Credit. The EAM component recovers incentives associated with electric EAMs, pursuant to the Commission's order issued March 14, 2019, in Case No. 18-E-0067. The Temporary Surcharge component recovers a portion of the Company's Rate Year 3 delivery revenue requirement, approximately \$5.7 million, over the 12-month period ending December 31, 2021 pursuant to the Commission's order issued March 14, 2019, in Case No. 18-E-0067.

The Base ECA is comprised of costs for lost revenues associated with negotiated contracts under Service Classification No. 23, implementation costs associated with Rider M and Mandatory Day Ahead Hourly Pricing, and a reconciliation of ECA costs and recoveries from the previous calendar year.

Questions regarding this filing can be directed to Cheryl Ruggiero at (212) 460-3189.

Sincerely,

/s/  
William A. Atzl, Jr.  
Director – Rate Engineering
