**RE: Case 19-E-0065, Con Edison's Electric Rate Case – Rate Year Three**

Dear Secretary Phillips:

Consolidated Edison Company of New York, Inc. (“Con Edison”) is filing with the Public Service Commission (the “Commission”) amendments to its Schedule for Electricity Service, P.S.C. No. 10 – Electricity (the “Electric Tariff”), applicable to its customers in the City of New York and the County of Westchester. The Company is also filing amendments to its Schedule for PASNY Delivery Service, P.S.C. No. 12 – Electricity (the “PASNY Tariff”),<sup>1</sup> applicable to delivery by the Company of power and associated energy to Authority Public Customers under the PASNY Tariff.

The tariff amendments are issued with an effective date of January 1, 2022. The specific Electric Tariff leaves being revised are identified in Appendix A. The specific PASNY Tariff leaves being revised are identified in Appendix B.

**Reason for Filing**

The Commission's Order Adopting Terms of Joint Proposal and Establishing Electric and Gas Rate Plan, issued and effective January 16, 2020, in Cases 19-E-0065 and 19-G-0066 (the “Order”), adopted with minor exceptions irrelevant to this filing the Joint Proposal (“JP”) as set forth in Attachment A to the Order.

The Order provides for a three-year electric rate plan in which Rate Years (“RY”) 1, 2, and 3 are the twelve-month periods commencing January 1, 2020, January 1, 2021, and January 1, 2022, respectively. Under the rate plan, the electric delivery service revenue requirement,

---

<sup>1</sup> This schedule is also titled, “Delivery Service Rate Schedule Implementing and Part of the Service Agreement Between the Power Authority of the State of New York (“PASNY” or “NYPA”) and Consolidated Edison Company of New York, Inc. (the “Company”), dated March 10, 1989, for the Delivery by the Company of Power and Associated Energy to Authority Public Customers.”

including the fixed component of the Monthly Adjustment Clause, will be increased on an annual basis, including gross receipts tax, by \$113.3 million starting in RY1, an additional \$370.3 million starting in RY2, and an additional \$326.4 million starting in RY3.

The tariff amendments being filed herewith include the rates for RY3 of the Electric Rate Plan in compliance with the Order. The RY3 revenue change associated with transmission and distribution delivery revenue, the transfer of energy efficiency costs from the System Benefits Charge to base delivery rates, and purchased power working capital will be \$326.4 million, or \$316.7 million exclusive of gross receipts tax. For RY3, the increase, after excluding gross receipts tax, results in overall increases of \$285.2 million to customers served under the Electric Tariff and \$31.5 million to customers served under the PASNY Tariff.

Pursuant to the Commission's *Order Adopting Energy Affordability Policy Modifications and Directing Utility Filings*, in Cases 14-M-0565 and 20-M-0266, issued August 12, 2021, the Company is not required to update the tiered discount levels for Customers enrolled in the Company's low-income program under Rider S for rates effective January 1, 2022.

### **Revenue Allocation and Rate Design**

#### **Revenue Allocation**

The revenue allocation is described in Appendix 20 of the JP. Table 2 of Appendix 20 summarizes the changes in delivery revenues by Service Classification ("SC"), including the components of the revenue changes.

The percentage change in revenues and bill changes for the Con Edison SCs are shown in Appendix C. The percentage change in revenues for NYPA is shown in Appendix D.

#### **Rate Design**

Appendix 20 of the JP describes the rate design process. A major item for RY3 is summarized below:

- Customer charges were increased for SC 1 Rates I, II and III. To mitigate bill impacts for SC 1 Rate I, the customer charge increase is phased in over the three-year term of the rate plan with RY1 at \$16.00, RY2 at \$16.50, and RY3 at \$17.00. Additionally, customer charges for customers served under SCs 5, 8, 9, 12, and 13 Standby Service rates were increased by the non-competitive percentage increase to the overall system on a historic basis.

### **Conclusion and Notice**

As directed by Ordering Clause 4 of the Order, the Company is filing its tariff amendments to take effect on a temporary basis, on not less than 30 days' notice, to become effective on January 1, 2022.

Pursuant to Ordering Clause 5, the Company will provide public notice of the tariff amendments by means of newspaper publication once a week for four consecutive weeks prior to their effective date.

Sincerely,

/s/ William A. Atzl, Jr.  
Director  
Rate Engineering Department
