Dear Commissioners:

The enclosed Statements, which are listed below, are issued in accordance with General Information Sections 30.B and 36.A of P.S.C. No. 15 - Electricity to become effective January 1, 2002.

P.S.C. No. 15 - Electricity

Statement of Effective Revenue Tax Surcharge	RTS - 8
Statement of System Benefits Charge	SBC - 2

RTS-8 reflects changes in the State Utility Service and NYS Income Tax rates which also necessitate the separation of revenue tax surcharge factors for residential and nonresidential transmission and distribution service.

The impact of these tax changes on our residential customers' bills effective January 1, 2002 will be a decrease of approximately 0.62% on the delivery portion of their bill and a decrease of approximately 0.78% on the commodity portion of their bill. The delivery portion of our nonresidential customers' bill will be decreased by approximately 1.24% and the commodity portion will be decreased by approximately 0.78%.

The factor included on SBC-2 reflects the Company's annual costs of environmental and public policy programs approved for SBC funding by the Public Service Commission spread over an estimate of delivery sales for calendar year 2002.

Very truly yours,

Arthur R. Upright
