Re. Westbrook Water Corp.
Application to Increase Rates

Dear Secretary Brilling:

Westbrook Water Corp. provides water service to 113 customers in the Town of Deerpark, Orange County, NY. No fire protection service is provided.

Attached is Westbrook Water Corp.'s Tariff Schedule, P.S.C. No. 3 – Water, Leaf No. 12 revision No. 3 superseding revision No. 2.

P.S.C. No. 3 – Water
Leaf No. 12 revision No. 3 superseding revision No. 2

Effective Date: September 1, 2007

Westbrook Water Corp. has not had a rate increase since 2000. The current rates do not generate enough revenue to pay our expenses, and we have been subsidizing its operations for years. The increase is needed to pay operating expenses and provide a modest return on investment to help assure that the funds can be obtained for repairs and replacements.

Currently we charge a flat rate of \$87.85 quarterly [\$351.4 per year]. The new tariff would increase rates from \$351.4 to \$471.0 per year or about 34.06%.

Westbrook Water Corp. also requests waiver of newspaper publication since it plans to individually notify its customers of the tariff filing.

Very truly yours,

Margaret Martonick
