Re (1) Case No. 06-M-0647, "In the Matter of Energy Service Company Price Reporting Requirements,"
(2) Case No. 98-M-1343, "In the Matter of Retail Access Business Rules"

Dear Secretary Brillling:

Consolidated Edison Company of New York, Inc. ("Con Edison" or the "Company") is filing today with the Public Service Commission (the "Commission") an addendum, Addendum-UBP-4, to the Company's Schedule for Gas Service, P.S.C. No. 9 – Gas.

The Addendum incorporates verbatim the revised text of the "Uniform Business Practices," as set forth in the Commission's Order Adopting ESCO Price Reporting Requirements and Enforcement Mechanisms, issued and effective November 8, 2006, in the above referenced proceedings ("the Order"). The Commission approved the following changes to the Uniform Business Practices for maintaining ESCO eligibility status: §2.D.2 specifies the conditions for ESCO price reporting requirements applicable to residential customers; §2.D.3 provides actions that DPS will take to prevent ESCOs from enrolling new customers upon failure to report price information timely or accurately; and, §2.D.4 includes, among its categories warranting the withdrawal of eligibility, ESCO reporting failures that are of a more serious nature.

The Company is filing the revised Addendum-UBP-4 on not less than one day's notice as directed by Ordering Clause 3 of the Order. Pursuant to Ordering Clause 4 of the Order, the requirement for newspaper publication has been waived.

Sincerely,

Christine Colletti
