Re: Boniville Water Company, Inc.  
Application to Increase Rates and file Fourth Revised Leaf No. 12

Dear Secretary Brilling:

Boniville Water Company, Inc. (the company) provides water service to 99 customers. No fire protection service is provided.

The enclosed Fourth Revised Leaf No. 12 to Tariff Schedule P.S.C. No. 4– Water, filed by Boniville Water Company, Inc., is transmitted electronically for filing in compliance with the requirements of the Public Service Commission of the State of New York.

P.S.C. No. 4 – Water  
Leaf No. 12 Revision 4  
Superseding Leaf No. 12 Revision 3

Effective date: August 1, 2008

The company's last rate increase went into effect August 1, 2005. The current rates do not generate enough revenue to pay our operating expenses and provide profit and an increase in rates is needed.

The company is requesting an increase in annual revenue over the level allowed in its 2005 rates of \$18,248 or 29.7%. Since the company already has a high usage rate it is proposing to recover the entire revenue increase through the service charge. The company is also requesting that it be allowed an automatic increase beginning January 1, 2010 and for every year thereafter based on 5% per year or the CPI of Greater New York which ever is greater. This will allow the company to keep up with inflation and we will not have to apply for new rates as often. This will also result in a savings related to the

costs as well as the time of both the company and Staff of the Department of Public Service.

By this letter, it is requested that the Staff of the Water Rates Section file the attached leaf as well as any other leaves required by the Commission electronically.

Boniville Water Company, Inc. also requests waiver of newspaper publication since it plans to individually notify its customers of the tariff filing.

Very truly yours,

Andrew Sferra, President  
Boniville Water Company, Inc.
