RE: Revision to Statement of Percentage Increase in Rates and Charges for MTA Reconciliation

Dear Secretary Brillling:

Consolidated Edison Company of New York, Inc. ("Con Edison" or the "Company") is filing the following revision to the "Statement of Percentage Increase in Rates and Charges" separately stated on Con Edison's gas tariff:

GRT Statement No. 33 to PSC No. 9 - Gas

This statement is issued on May 16, 2008 to become effective June 2, 2008.

Explanation of Filing

The Company's gas tariff provides that the revenues collected during the MTA surcharge billing year (April 2007 through March 2008) be compared with the MTA surcharge expense for the calendar year 2006. The gas tariff provides for the Company to make an MTA surcharge adjustment to reconcile for any under or over collection.

The revisions to the attached Statement of Percentage Increase in Rates and Charges reflect the annual reconciliation of MTA revenues and expenses, and will be in effect during June 2008. The revisions reflect an over collection of about \$646,911.00 for the Company's gas operations. Thus, for gas service, the reconciliation adjustment for New York City will be -2.4006% and -1.6965% for residential and non-residential delivery services, respectively. The reconciliation adjustments in the various Westchester municipalities, for residential and non-residential delivery service, vary due to the impact of local levies on the computation of the effective tax factors in the gas statement.

Respectfully submitted

Consolidated Edison Company of New York, Inc.

Christine Colletti  
Director  
Rate Engineering Department
