Summary of Tariff Modifications

The Order directs the Company to file amendments to its Gas tariff consistent with the "Gas Curtailment Guidelines" ("Guidelines") attached as Appendix B to the Order. The Guidelines set forth the criteria local distribution companies ("LDC") are to follow to meet the gas requirements of their highest priority human needs customers during periods of gas shortage or when there are problems on an LDC's distribution system. To implement such Guidelines, the Company has revised (1) General Information ("GI") Section 11.1 (E) "Curtailment of Service" and (2) GI Section 12.2 "Monthly Gas Adjustment" of its Gas tariff.

The Company will make corresponding changes to its Gas Transportation Operating Procedures Manual ("GTOP") upon Commission approval of the tariff changes on a permanent basis.
