Re: Deliverability Demand Determinant

Dear Commissioners:

Central Hudson Gas & Electric Corporation ("Central Hudson" or the "Company") hereby submits the proposed tariff amendments listed below to become effective October 1, 2007.

P.S.C. No. 12 - Gas

8th Revised Leaf No. 112

The purpose of this filing is to amend the Company's gas rate schedule to provide the propane demand determinant, applicable to customers taking transport service under the Company's gas Retail Access Program via Service Classification Nos. 6, 12 and 13, on the Company's Statement of Firm Gas Transportation Rates ("FTR") filed monthly with the Public Service Commission. Although this service is billed through the Transportation Demand Adjustment, the determinant is necessary to determine incremental capacity requirements.

Since the amendment listed above merely provides Retail Suppliers with additional information, does not directly impact customers and does not change any method or calculation, the Company requests that the requirements of section 66((12)(b)) of the Public Service Law as to newspaper publication be waived.

Questions related to this filing should be directed to Stacy Powers at (845) 486-5815.

Yours very truly,

Michael L. Mosher
Vice President - Regulatory Affairs
