Re: Castleview Development Water-Works Corporation – Initial Tariff Schedule
and Rate filing

Dear Secretary Billing:

The attached Initial Tariff Schedule PSC No. 1 – Castleview Development Water-Works Corporation is transmitted for filing in compliance with the requirements of the Public Service Commission of the State of New York, to become effective November 1, 2007.

Pursuant to Public Service Law, Section 89-e, the company is making this filing more than 120 days prior to serving its first customer. Castleview will serve the Chippewa Bay Housing Development, Dubois Road, in the Town of Hammond, St. Lawrence County.

The rates are designed to generate at full development approximately \$36,785 in total revenue and approximately a 10.7% pre-tax rate of return on \$113,039 in rate base. The company will serve 29 customers. The quarterly service charge is proposed at \$260 and the usage rate at \$5.22 per thousand gallons.

Since this is an initial tariff filing and no customers are being served, publication of the proposed rates is not required. Customers will be advised of the proposed rates prior to entering into any agreements to purchase property at the subdivision. After the rates have been approved, the customers will be advised of the actual rate.

Sincerely,

Patrick Pfohl, President
Castleview Development Water-Works Corp.
