The specific leaves being revised are identified in Appendix A and are being filed on not less than one day’s notice to become effective October 4, 2005, on a temporary basis, in accordance with Ordering Clause 2 of the Order.

Summary of Tariff Changes

On November 2, 2004 and July 5, 2005, the Company filed tariff amendments implementing a new Service Classification Rider to its Gas Tariff, designated as Rider J – Residential Distributed Generation Rate, in compliance with the Commission’s Order issued and effective August 4, 2004 in the above referenced proceeding. Today’s filing amends the tariffs filed in November 2004 and July 2005 to conform with the September 6, 2005 Order with respect to the following:

- The prohibition against Distributed Generation unit(s) determined to be either an emergency electric generator or a standby generation unit as an eligibility requirement for the Residential DG rates has been eliminated.

- Except as noted above, all other tariff provisions proposed in the November 2, 2004 filing and amended in the July 5, 2005 filing have not been changed.

In accordance with Ordering Clause 3 of the September 6th Order, the Company hereby requests waiver of newspaper publication of the tariff revisions filed herein.
