Re: Case 02-E-1418 – Proceeding on Motion of the Commission as to the Rates, Charges,
Rules and Regulations of Plattsburgh Municipal Lighting Department
for Electric Service.

Dear Secretary Deixler:

The Plattsburgh Municipal Lighting Department (“MLD”) has filed an electric rate case in this docket. During the course of the proceeding, MLD and Department of Public Service staff realized that the MLD tariff, currently on file with the Commission, contains certain clerical errors. The enclosed revised leaves to the MLD’s PSC No. 1 Electricity rectify these clerical errors.

Pursuant to New York State Public Service Law § 66(12)(b), notice of the proposed revisions will be published in a newspaper of general circulation in each county containing a territory served by the MLD.

Respectfully submitted,
