Purpose of the Filing

The purpose of this filing is to make the following housekeeping changes: a) add a reference in PSC 18 regarding the Purchase of ESCO Accounts Receivable; b) correct a typographical error on a rate under SC No. 14 in PSC No. 19; c) properly reflect the methodology for collecting Transition Charge revenues for SC No.14 in PSC No. 19 in accordance with the Order; and d) clarify the electricity supply charge for SC No. 14 in PSC No. 19. These changes have been reviewed with Staff.

Newspaper Publication

As also stated in RG&E's October 6, 2004 tariff filing, RG&E requests that the requirement of Section 66 (12)(b) of the Public Service Law and 16 NYCRR Section 720-8.1 as to newspaper publication be waived. All customers are being informed of the electricity supply pricing options and unbundling of rates through our outreach efforts and will receive direct notice of the electricity supply pricing options through dissemination of enrollment kits and other communication vehicles as fully described in the Company's Outreach and Education Plan, contained in the March 9, 2004 Electric Rate Joint Proposal at Appendix N.
