Statement of System Benefits Charge SBC-5

The purpose of this filing is to expand the System Benefits Charge ("SBC") under the EEPS program to Service Classification Nos. 2, 6, 13, and 15 pursuant to the above referenced Order. Appendix 1 page 29 states, "Eligible participants for the existing and proposed FlexTech Program include commercial, industrial, institutional, municipal, not-for-profit organizations, and primary and secondary schools." Therefore the SBC provision has been added to Service Classification Nos. 2, 6, 13, and 15. SBC Statement 5 was issued with a rate of \$0.00000 to serve as a placeholder since Appendix 2 Table 6 does not show any collections from gas ratepayers until 2012. The Company will file with the annual SBC filing a rate to collect the amount in Appendix 2 Table 6 for 2012 on or before December 15, 2011. This SBC charge will be a volumetric charge (per Ccf) and will be applied to the total measured quantities (Ccf) for all customers taking service under Service Classification Nos. 2, 6, 13, and 15.

Pursuant to Ordering Clause 12 of the above referenced Order, the requirements of 66(12)(b) of the Public Service Law as to newspaper publication of these amendments have been waived.

Questions related to this filing should be directed to Lauren M. Guido at (845) 486-5761.

Yours very truly,
