VIA ELECTRONIC FILING

Honorable Jaclyn A. Brillling, Secretary
New York State Public Service Commission
Three Empire State Plaza
Albany, NY 12223-1350

Re: Case 10-E-0408; Net Metering
Compliance Filing by New York State Electric & Gas Corporation

Dear Secretary Brillling:

New York State Electric & Gas Corporation hereby submits for filing the enclosed tariff leaf in compliance with Chapter 336 of the Laws of 2010, which became effective on September 12, 2010, and in compliance with the Public Service Commission's Notice Establishing Filing Requirements issued August 23, 2010. This filing is in accordance with the requirements of Appendix 7-H (electronic tariff filing system) to the Commission's Codes, Rules and Regulations (16 NYCRR Appendix 7-H).

PSC No. 120 – Electricity, Schedule for Electric Service
Leaf No: 116, Revision 6

Effective: December 28, 2010

Section 66-j of the Public Service Law was amended to allow a customer that is installing Farm Waste electric generating equipment to install generation up to a rated capacity of 1,000 kW instead of 500 kW.

The Company respectfully requests that the requirement of § 66(12)(b) of the Public Service Law and 16 NYCRR §720-8.1 for newspaper publication be waived because a customer will be notified of this tariff change when the customer submits an application for such service with the Company.

Please direct questions pertaining to this filing to Alfonso Marcello at (607) 762-4645 or me at (607) 762-8710.

Very truly yours,

Lori A. Cole
