Honorable Jaclyn A. Brillling
Secretary
New York State Public Service Commission
Three Empire State Plaza
Albany, New York 12223-1350

Dear Secretary Brillling:

Consolidated Edison Company of New York, Inc. ("Con Edison or the Company") hereby submits for filing with the New York State Public Service Commission (the "Commission") a revision to its Schedule for Gas Service, PSC No. 9 -Gas (the "Gas Tariff").

The tariff leaf reflecting the revisions is identified below:

PSC No. 9 - Gas

Leaf 118, Revision 7
Superseding Revision 6

The tariff leaf has an issue date of August 27, 2010, and an effective date of September 27, 2010.

Background

On June 28, 2010, the Company filed a proposed change to its electric tariff, P.S.C. No. 9 – Electricity to provide, at a charge, aggregate information concerning a building's most recent 24 months of electricity usage (i.e., for all units plus common areas) to building owners or managers of multifamily or commercial buildings who request the information in writing. That filing was made pursuant to the Joint Proposal (pp. 59-62) approved by the Commission's Order Establishing Three-Year Electric Rate Plan, issued and effective March 26, 2010, in Cases 09-E-0428 and 08-M-0152.

The Company filed a change to the gas tariff, P.S.C. No. 8 - Gas on June 29, 2010, to make conforming changes.

Current Tariff Change Proposed

The Company is proposing a further tariff change to its gas tariff to clarify that the Company will provide the gas usage information in therms. The Company is also filing a change to P.S.C. No. 9 – Electricity apart from this filing to clarify that the electric usage information will be provided in kilowatt-hours (“kWh”) and, where demand is metered, in both kWh and demand in kilowatts (“kW”).

Conclusion and Notice

The current filing is proposed to become effective on September 27, 2010, the same date as the filing made on June 29, 2010. The Company requests waiver of the requirement for newspaper publication, because this filing is being made to clarify information proposed in the Company’s June 2010 filing. Notice of the changes proposed by the gas and electric June 2010 filings was made by means of newspaper publication on July 6, 13, 20, and 27, 2010.

Very truly yours,

CONSOLIDATED EDISON COMPANY OF NEW YORK, INC.
