RE: Case 11-E-0176, Recharge New York Program

Dear Secretary Brillling:

Consolidated Edison Company of New York, Inc. (“Con Edison” or the “Company”) is filing an amendment to its Schedule for Electricity Service, P.S.C. No. 10 – Electricity (“P.S.C. No. 10”), applicable to the Company’s customers in the City of New York and the County of Westchester.

The tariff leaf, which is identified below, has a proposed effective date of June 20, 2012.

| <u>Leaf No.</u> | <u>Revision No.</u> |
|-----------------|---------------------|
| 96 | 4 |

Background

On March 20, 2012, at the request of the New York Power Authority, the Company issued a filing to change General Rule 11, “Billing Applicable to Service Under Certain Economic Development Programs,” of P.S.C. No. 10. The filing, which has an effective date of June 20, 2012, proposes that, if service is taken under more than one economic development program, benefits should be applied under the Recharge New York (“RNY”) program (i.e., Special Provision G of Service Classification No. 9) before the World Trade Center program (i.e., Special Provision 8 of the PASNY Rate Schedule, P.S.C. No. 12 - Electricity).

Reason for Filing

In the first sentence of the “Billing” section on Leaf 96, RNY was inadvertently omitted from the list of programs for which an allocation of power may be made. This filing adds RNY to the program list.

Conclusion and Notice

The Company requests waiver of newspaper publication, because this tariff filing merely makes a housekeeping change.

The Company proposes that the tariff leaf become effective on June 20, 2012, the same date as the tariff leaves that were filed by the Company on March 20, 2012.

Sincerely,

/s/ Christine Colletti

Director
