**RE: Case 11-E-0176, Recharge New York Program**

Dear Secretary Brillling:

Consolidated Edison Company of New York, Inc. (“Con Edison” or the “Company”) is filing with the Public Service Commission (the “Commission”) amendments to its Schedule for Electricity Service, P.S.C. No. 10 – Electricity (“P.S.C. No. 10”), applicable to the Company’s customers in the City of New York and the County of Westchester.

The tariff leaves, which are identified below, are issued to become effective on June 20, 2012.

<u>Leaf No.</u>	<u>Revision No.</u>
96	3
97	2

**Reason for Filing**

General Rule 11, “Billing Applicable to Service Under Certain Economic Development Programs,” of P.S.C. No. 10 indicates that customers who receive allocations under the Recharge New York program and receive service under the Economic Development Delivery Service Rate Schedule, Service Classification 15 of PSC No. 10, the Power for Jobs program, or the World Trade Center program will have

their demand allocated to those programs before being allocated to the Recharge New York program.<sup>1</sup>

The New York Power Authority (“NYPA”) has requested by letter dated March 16, 2012, that the Company alter the priority of benefits under General Rule 11 such that the Recharge New York program precedes the World Trade Center program. Because NYPA provides supply under both programs, the Company has no objection to NYPA’s request.

Accordingly, the Company is filing the tariff change requested by NYPA.

**Notice**

The Company requests waiver of newspaper publication, because there are no customers currently receiving delivery rate benefits under the Recharge New York program.

Sincerely,

/s/ Christine Colletti  
Director  
Rate Engineering Department

<sup>1</sup> This was approved on a permanent basis as filed to General Rule III-11(W) of P.S.C. No. 9 – Electricity by the Commission’s Order, issued and effective January 20, 2012, in Case 11-E-0176, *In the Matter of the Commission’s Implementation of Certain Provisions of the Recharge New York Power Program Act*. General Rule III-11(W) of P.S.C. No. 9, a superseded rate schedule, became General Rule 11 of P.S.C. No. 10.
