RE: Case No. 11-G-0457 – Tariff Filings to Effectuate Amendments to Public Service Law
Concerning Green Jobs-Green New York On-Bill Recovery

Dear Secretary Brilling:

The attached leaves, issued by Niagara Mohawk Power Corporation d/b/a National Grid (“Company”), are being transmitted for filing in compliance with Notice Establishing Filing Requirements issued by the New York State Public Service Commission (“Commission”) on August 26, 2011.

Second Revised Leaf No. 122.9
Second Revised Leaf No. 122.10

To P.S.C. No. 219 Gas

Effective: May 1, 2012

The purpose of this filing is to revise Rule 36 – NYSERDA Loan Installment Program of PSC No. 219 Gas which was filed in compliance with the Notice Establishing Filing Requirements in Case No. 11-G-0457 issued by the Commission on August 26, 2011 and subsequently approved by the Commission in the December 15, 2011 Order Modifying and Authorizing On-Bill Recovery Tariffs.

As a result of recent process changes associated with the NYSERDA Loan Installment Program, further revisions were needed to the above leaves which were last revised November 4, 2011. Specifically, the references to late payment charges as they relate to the NYSERDA Loan Installment Program have been eliminated.

As requested in the original filing, waiver of the requirements of newspaper publication as required by the Commission’s regulations of 16 NYCRR Section 720-8 is respectfully requested for this filing since NYSERDA will be responsible for marketing this NYSERDA Loan Installment Program to customers.

Please advise the undersigned of any action taken regarding this filing.

Sincerely,

Dawn M. Herrity
