Hon. Jaclyn A. Brillling  
Secretary  
State of New York  
Public Service Commission  
Three Empire State Plaza  
Albany, N.Y. 12223-1350

**RE: Case Number 11-G-0453, Green Jobs - Green New York Loan Installment Program**

Dear Secretary Brillling:

Consolidated Edison Company of New York, Inc. ("Con Edison" or the "Company") is filing with the Public Service Commission (the "Commission") amendments to its Schedule for Gas Service, PSC No. 9 – Gas ("the Gas Tariff"), applicable to its customers in the City of New York and the County of Westchester.

The tariff leaves, identified below, bear an effective date of January 1, 2012:

P.S.C. No. 9 – Gas

Leaf 4, Revision 8, Superseding Revision 7

Leaf 154.29, Revision 1, Superseding Original Leaf

Leaf 154.30, Revision 1, Superseding Original Leaf

Leaf 154.31, Revision 1, Superseding Original Leaf

Original Leaf 154.32

**Reason for Filing**

On August 4, 2011, a number of sections of the Public Service Law were revised pursuant to the Power New York ("PNY") Act of 2011 (L. 2011, c.388). The PNY Act provides that the New York State Energy Research and Development Authority or its designated agent ("NYSERDA") will administer a Green Jobs - Green New York Loan Installment Program for qualifying residential and non-residential customers that install qualified energy efficiency services on a customer's property. Loan installment amounts will be shown on and collected through the customer's utility bill ("on-bill recovery").

Honorable Jaclyn A. Brillling

Page 2

On September 26, 2011 as directed by the Commission's Notice Establishing Filing Requirements, issued August 26, 2011, and amended by its Errata Notices issued August 29 and September 2, 2011 (the "Notice"), the Company filed tariff amendments to conform its tariff to the statutory requirements established by Chapter 388 of the Laws of 2011. The Company proposed a new Rider K – NYSERDA Loan Installment Program. As directed by the Notice, the tariff leaves were issued to become effective on January 1, 2012.

### **Proposed Tariff Changes**

Following phone conversations among staff of the utilities, the Department of Public Service, and NYSERDA, the Company agreed to make modifications to Rider K. The revisions submitted herewith reflect the Company's agreement to accept customers to the program based on its total customer population of year end 2011, instead of 2010, and make changes to the Rider for improved clarity. For example, the Company's revised tariff language specifies applicable laws addressing customers' rights and responsibilities, clarifies that on-bill recovery is available regardless of the customers' primary energy source, indicates that only one NYSERDA loan obligation can exist on a customer account, and describes the information that the Company will provide to Rider K customers at least once a year.

### **Conclusion**

The Company is filing these changes on not less than 30 days' notice, to become effective January 1, 2012.<sup>1</sup> The Company requests waiver of newspaper publication. The Company published newspaper notice of its September 26, 2011 filing on October 3, 10, 17, and 24, 2011 and none of the tariff amendments filed today make substantive changes to that filing.

Sincerely,

---

/s/ Christine Colletti  
Director  
Rate Engineering Department

---

<sup>1</sup> A separate filing will be issued to make corresponding changes to the Company's Schedule for Electric Service – P.S.C. No. 9 – Electric ("Electric tariff").
